

Upcoming Continuing Education Seminars with Kiiko Matsumoto

Saturday's Topic: Delving Deeper into Immune Reactions

Saturday's Course Description: In this class, Kiiko Matsumoto will convey her experiences with the many different immune system related symptoms that do not fit into the traditional categories of "immune reactions." With an increase in symptoms not historically associated with the Immune system since 2020, Kiiko Matsumoto Sensei, will help you to gain a greater understanding of what systems and organs to target through her own system of diagnostic palpation and points chosen based on her unique style of acupuncture.

Sunday's Topic: Bridging the Gap between Eastern and Western Medicine

Sunday's Course Description: Kiiko Matsumoto is a master acupuncturist who developed her unique system of treatment. Japan has a long history of using abdominal palpation as a means to treating disease and has evolved with the incorporation of Western Medical diagnoses. Using these two diagnostic elements Kiiko Matsumoto will demonstrate how her system successfully blends Eastern Medicine philosophy, her own theory, and Western Diagnosis in providing long lasting results with patients who have chronically difficult and multifaceted comorbidities.

Presenter: Kiiko Matsumoto, the world-renowned acupuncturist and teacher, will offer master classes at the Eastern School of Acupuncture and Traditional Medicine. Internationally known for her scholarly work in acupuncture, Matsumoto is recognized for her ability to integrate the work of the Japanese Masters into a coherent and clinically effective style.
